

## PRINCIPAL NEWS

### Farewell

Our 6/7 teacher Amy Bannear has won a permanent position in Queensland and will start her new role from Term 3. Amy concludes her appointment at Elizabeth South Primary School this Friday 28th June. Amy joined the Elizabeth South Primary School community in 2015, starting in a year 5/6 class.

Amy has always been an advocate for providing experiences for our students that they otherwise would not be able to do. She re-introduced school camps and took kids to Swan Reach, Iron Knob, Hindmarsh Island and Woodhouse (Piccadilly). This commitment has been greatly appreciated by the community, leadership and our students.

She has been recognised for her organisation and leadership skills in coordinator roles and as such, has been instrumental in creating end of year whole school excursions, organised with military precision!

We wish Amy and her family all the best for the future and thank her for her contributions and dedication to education at Elizabeth South Primary School over the past 4.5 years.

### Term 2 Highlights

## C5 NEWS

On Thursday 23rd of May all of the Year 1 students went to the Dream Big Festival in the city. We took the train into the city and then walked to the Festival Centre. The first performance we saw was 'The Gruffalo'. Everyone loved the full-sized Gruffalo that ran around with the other animals from the story. There was lots of laughing and singing. The next performance we saw was called 'Game Theory' and involved two men who drew a maze for themselves out of chalk and then danced their way through it. They even drew some of our bags, legs and even lunch into the performance. Finally, we went up to Cubby World. The cubbies were painted using conductive paint which when touched linked to different sounds. By the end of the day everyone was very tired and some even had a nap on the train back to school. What a fantastic day!

## HEALTHY FOOD CHOICES

# CHOOSE WATER as a drink

Water is the best drink. It has no added sugar. Fruit juice, soft drink, sports drinks and cordials have a lot of sugar. Kids should not drink these every day. Tap water is the best choice. Most tap water contains Fluoride which helps kids grow strong teeth.

### HOW MUCH WATER SHOULD KIDS DRINK EACH DAY?

1-5 years 5 x 250ml glasses = 1.25 litres

6-12 years 6 x 250ml glasses = 1.5 litres

EXTRA WATER IF YOU ARE ACTIVE

### HOW MUCH SUGAR IS IN DRINKS?

MAKE HEALTHY NORMAL
