SPORTS DAY

The spirit of friendly competition comes alive on Elizabeth South Primary School's Sports Day. The children participated in a wide range of sports events, cheered on their teammates and gained valuable lessons in sportsmanship.

Sports Day is an all-day event held in term 4. The beautiful spring weather was perfect to be outdoors. Students were grouped into coloured-coded teams and participated in a variety of individual and team events and games including long jump, egg and spoon relay and the soccer clinic. Parents supported the students and staff throughout the day, providing enthusiastic encouragement.

A BBQ lunch and jumping castle provided entertainment in-between the activities whilst staff prepared for the sprinting events and the colour run.

The events concluded with the students all taking part in the sprinting events followed by the Year 7 relay to finish off the day. All teams did extremely well over all with Manston 3410 points coming third, Goodman second with 3715 and this year's House Cup winner was Penfold with 3970 points.

The finale was the inaugural colour run with teachers and parents providing an explosion of colour as the students weaved their way to the finish line. It is not clear who had the most fun, parents and teachers or the students.

Special thanks to the players from the Adelaide United women's team who came down to check out the atmosphere and meet some of the students and their families, and to all the staff and families who helped make the day a great success.

Matt Gardiner

D1 NEWS

Last week was Science Week in our classroom. We conducted experiments on a range of topics, including erosion, acids and bases, electricity and electromagnetic radiation. It was great to get our hands dirty and do some authentic scientific investigation. Even if cabbage juice pH indicator does smell gross.

C8 NEWS

We went to the Zoo and visited lots of different animals. Our favourites were the meerkat pups, the macaw Manu from the bird show and the giraffes. We spent the day at the Adelaide Zoo observing the animals in their different habitats, discussing geographical features of the habitat and our role in conserving environments for animals. Once we went all around the zoo we got to play on the amazing Nature Playground!
